

INNOVATION & PERFORMANCE

Diesel Cleaner Conc.

Data Sheet - Power Gels

DESCRIPTION

- Contains lubricity improvers that helps the lubricity properties of low sulfur fuels as well as Cetane improvers that help to boost low Cetane diesel fuel up to 2 numbers
- Provides excellent cleaning properties to the fuel system as well as enhancing the quality and performance of diesel fuel
- 100ml treat up to 90 liters of diesel

BENEFITS

- Improves combustion, performance & economy
- Cleans dirty injectors & controls oxidation
- Better lubricity than leading OEM
- Excellent lubricity improve for all low or ultra-low sulfur diesel
- Complies with Federal Low Sulfur requirements for used in diesel motor and non-road engines

TYPICAL CHARACTERISTICS

Test Description	Method	
Specific Gravity @ 15°C	ASTM D4052	0.831
Flash Pt, °C	ASTM D92	80
Pour Pt, °C	ASTM D97	-30
Kinematic Viscosity,cSt @40°C	ASTM D445	2.61
Color	ASTM D1500	Brown

SPECIFICATIONS AND APPROVALS

- OEM approved
